Project Planning

Other things to think about
- Seperate portfolios in same account
  - Make it a game like Fantasy football
- Control the amount you start with
- Display amount lost or gained
- Transaction history

- Users make a <u>Secure account</u> to interact
- View charts of stock stats
  - Show history for last few years
  - What other data do we want
- Allow users to set owe money limits

Pages (end points)
- Page displays Individual stock info
- Page to manage portfolio
  - Buy and sell
  - Display stocks owed
